On Tuesday 2/16/2021 at approximately 1000, I, Inspector Scott Ramsey, conducted a follow up inspection at Grizzly Epperly 14C, at Location # 335451 in Garfield county Colorado.

While there, I observed normal production operations. All meters calibrated on location within a year. C/A's from previous inspection document # 700701843 have NOT been completed. This location is within a Density Habitat and Wildlife Management Area. Limited storm water inspection due to snow cover.

During this inspection the following possible compliance issues were observed:

1. No evidence of tracking control BMP's

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
