The pits have not been backfilled and reclaimed. All pits should have been backfilled and reclaimed within 6 months of drilling completion. The well was completed on 2/27/1998, therefore the pits should have been backfilled by 8/27/1998. There have been multiple previous inspections requiring the pits to be backfilled.

Corrective Action

Comply with 1003 Rules.

Comment: _____

The location is not in compliance with the Final Reclamation requirements. The location has not been reclaimed and the pits have not been backfilled and reclaimed. There are soil piles that have not been recontoured and have not been protected from degradation. There is torn liner debris that remains in the pit. The corrective action date is set for when final reclamation was required to be completed. Corrective action needs to be performed immediately to obtain compliance.
