General Comment:**COGCC Inspection Report Summary**

Location is in close proximity of Parachute creek and in a High Priority Habitat Area.

During this inspection the following possible compliance issues were observed:

Location shows signs of lack of stabilization BMP's in some areas (rutting is present). Erosion rill along shoulder onto location allowing sediment to move on to location. Sediment running onto location from shoulder of access road. Rill running down access road to lower location. Access road shows signs of lack of stabilization BMP's in some areas (rutting is present).

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
