**General Comment:**

**COGCC Inspection Report Summary**  
 On Thursday 3/18/2021 at approximately 0900, I, Inspector Scott Ramsey, conducted a routine inspection at TEP Mead 30-13, at Location # 335196 in Garfield county Colorado.  
 While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, Black bear, NSO Habitat and Wildlife Management Area.  
 During this inspection the following possible compliance issues were observed:  
 1. Tank battery signage does not meet requirements of new rule 605.e  
 2. Location and lease road show signs of lack of stabilization/compaction.  
 3. Tracking is evident onto County road 317 (Beaver Creek Road)  
 Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
