General Comment:

On 3/10/2021 Catherine Roy conducted a followup reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

- Remove and properly dispose of kochia debris. Control weeds to prevent debris. Corrective action is backdated to 2019 corrective action date, as corrective action persists, CA date: 5/10/2019.
- Control weeds before flowering and no later than 6/1/2021.

2019 corrective action to stabilize erosion on the access road appears to be addressed.

See below, and attached photos for additional detail.
