Comment: The road in the canyon bottom is not maintained or stabilized. Vehicle use is causing damage to the road. There is vehicle rutting and erosion, and culverts are not maintained. It appears a vehicle slid off the road and got stuck. The road must be repaired and properly stabilized. BMP's must be implemented in accordance with good engineering practice and must be maintained.

Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C
