REMEDIAL ACTION PLAN

Does this Supplemental Form 27A include changes to a previously approved Remedial Action Plan? No _____

SOURCE REMOVAL SUMMARY

Describe how source is to be removed.

The source was excavated then put back in place due to safety reasons according to HCSI's first initial report. Due to the depth of impacts, the site was then drilled for delineation.

REMEDICATION SUMMARY

Describe how remediation of existing impacts to soil and groundwater is to be accomplished (i.e. summarize remedial action plan). Provide a brief narrative description including: technical justification, schedule for implementation, estimated time to attain NFA status, plus plans and specifications for the selected remedial action technology.

The location already has 3 ventilation wells in place, which are now being actively vacuumed by solar trailer. (please see attached report)
UPDATE: SVE trailer has been relocated to the B-12 location (Rem#9341); the relocation was prompted by the Pine Gulch Fire and BLM area restrictions. Utah Gas Corp is looking at obtaining a dedicated SVE system (not to "share" with other locations) to expedite soil remediation. Also, current hunting stipulations for the 2020 season in effect. Once another SVE system is secured, Utah Gas Corp will notify the COGCC of status. Anticipate spring 2021 deployment.

OPERATOR COMMENT

Please forward onto John Heil

This Supplemental Form 27 is being submitted to provide 1Q-2021 status updates in accordance with COGCC Rule 913.e (Quarterly Updates). A revised schedule for conduct onsite subsurface soil sampling that was delayed last year due to the Pine Gulch Fire restrictions and hunting stipulations is tentatively scheduled for June 2021. Based on findings of the subsurface soil hydrocarbon concentrations, remediation options will be evaluated and provided within quarterly status updates.

In accordance with COGCC Rule 915.f, UGC is requesting to manage this spill remediation under the previously implemented Table 910-1 thresholds as the previously submitted and approved Site Investigation & Remediation Plans (Form 27's) and associated work were submitted prior to January 15, 2021.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
