Subject: State Reportable Release 24 Hour Notification - RADEMACHER 37-25

Good morning,

We had a state reportable release yesterday afternoon due to the volume of historically impacted soil removed from the location referenced below. This release is historical and therefore not an active release. The historically impacted soil was discovered during plug and abandonment activities at the wellhead. Excavation activities are currently on-going and a Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail,
- The Municipality of Firestone via electronic mail,
- Surface Owner notification in process,

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Well/ Facility Name: RADEMACHER 37-25 (Wellhead)
- Location: SWNE 25 3N 68W
- Latitude/Longitude: 40.1934862/-104.9472407
- Wellhead ID: 05-123-27140

Thank you,

Ariana Ochoa
