General Comments**User Group****Comment****Comment Date**

Environmental	ENR is requesting closure of pit stating that it was never used for production. Previous operator, Pioneer Natural Resources, stated that pit was used for production (this is also stated in this Form 27) and also submitted a variance request to terminate the pit permit but keep the pit open for landowner. Based upon these facts the request for closure of the pit permit is denied.	04/20/2021
