PROPOSED SAMPLING PLAN

Proposed Soil Sampling

☒ Will soil samples be collected as part of this investigation? (Number, type (grab/composite), analyses, and locations of samples):

Wexpro Company will obtain an adequate amount of discreet samples for pit closure (3), one from the sidewall opposite the load line's entrance to the pit, another sidewall and the pit bottom. Analysis will be submitted with a remediation plan if necessary. If samples meet Table 910-1 guidelines, closure will be requested.

Proposed Groundwater Sampling

☐ Will groundwater samples be collected as part of this investigation? (Number, analyses, and locations of samples):

If groundwater is encountered during sampling COGCC will be notified immediately.

OPERATOR COMMENT

Pit has been previously sampled and analysis submitted, but it has been a couple of years. Wexpro Company will obtain and document 3 discreet samples in order to meet COGCC guidelines for pit closure in 2021. If samples meet Table 910-1 requirements (will be remediated, if necessary, before January 2022) then analysis will be submitted with a request for closure and approval to backfill. If samples do not meet COGCC requirements then analysis will be submitted with a remediation plan.

I hereby certify all statements made in this form are to the best of my knowledge true, correct, and complete.
