Operator Name: RIO MESA RESOURCES INC - 74740
Location ID: 398846

Photo 3: See comments under photo 1.

Photo 4: Photo taken from the west end of the Location, facing west. Photo shows access west access road leading to the Location has not been reclaimed .

Inspection Photos

Operator Name: RIO MESA RESOURCES INC - 74740

Location ID: 398846

Photo 5: Photo taken from the access road west of the Location, facing east. Photo shows access west access road leading to the Location has not been reclaimed .

Photo 6: Photo taken from the northeast end of the Location, facing north. Photo shows access road leading to the Location has not been reclaimed.

Inspection Photos

Operator Name: RIO MESA RESOURCES INC - 74740

Location ID: 398846

Photo 7: Photo taken from the Location. Photo shows example of pipe debris remaining on the Location.

Photo 8: Photo taken from the Location. Photo shows example of pipe debris remaining on the Location.

Inspection Photos
Operator Name: RIO MESA RESOURCES INC - 74740
Location ID: 398846

Photo 9: Photo taken from the east end of the Location. Photo shows example of cable debris remaining on the Location.

Photo 10: Previous inspections observed that stormwater erosion control BMPs were missing, or insufficient on the Location, and that cracking/rilling in soils were observed.

Photo shows control measures remain missing or insufficient to stabilize/protect the Location; erosion degradation remains evident.

Inspection Photos
Operator Name: RIO MESA RESOURCES INC - 74740
Location ID: 398846

Photo 11: Previous inspections observed that stormwater erosion control BMPs were missing, or insufficient on the Location, and that cracking/rilling in soils were observed.

Photo shows control measures remain missing or insufficient to stabilize/protect the Location; erosion degradation remains evident.

Photo 12: Previous inspections observed that stormwater erosion control BMPs were missing, or insufficient on the Location, and that cracking/rilling in soils were observed.

Photo shows control measures remain missing or insufficient to stabilize/protect the Location; erosion degradation remains evident.

Inspection Photos

Operator Name: RIO MESA RESOURCES INC - 74740

Location ID: 398846

Photo 13: Photo taken from the east end of the Location, facing south. Photo shows control measures remain missing or insufficient to manage runoff from the Location.

Photo 14: Photo taken from the east end of the Location, facing north. Photo shows control measures remain missing or insufficient to manage runoff from the Location.

Inspection Photos

Operator Name: RIO MESA RESOURCES INC - 74740

Location ID: 398846

Photo 15: Photo taken from the southwest corner of the Location, facing north. Photo shows perimeter stormwater ditch. Ditch BMP has not been constructed in accordance with good engineering practices; BMP ends on the southwest end of the location and does not have a sufficient outlet to allow for sediment laden-free stormwater discharge.

Photo 16: Photo taken from the southwest corner of the Location, facing east. See comments under photo 15.
