Comment: Operator has performed final reclamation activities with some desirable species establishment; however, not all equipment has been removed.

Reference areas appear to have been overgrazed and are mostly annual weeds. Also, based on Weld County records, this parcel could possibly be associated with future housing development.

Corrective Action:	Comply with Rule 1004.a to remove (regardless of ownership) all equipment. All equipment should have been removed within three months of plugging (07/03/2018) the associated facility. All work should have been conducted by 10/03/2018.	Date	08/10/2021
