COGCC Comments

Comment	User	Date
<p>On May 10, 2021 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Patara Oil and Gas LLC Wray Mesa #36-34-47-20 location. For the most recent field inspection report of this facility, please refer to document #200309327. Remediation Project #5731 remains open in the COGIS database. Document #2213764 has a Condition Of Approval (COA) that reclamation shall be in compliance with COGCC Rules and Regulations (Rule 905.a and 1000 Series Rules). Contact COGCC Reclamation Specialist Catherine Roy regarding reclamation compliance.</p> <p>Per Rule 913.e(2) operators of existing remediation projects approved prior to January 15, 2021 will submit a Supplemental Form 27 with a detailed project summary and status by April 15,2021. The operator will submit a project update on a Supplemental Form 27. During this inspection a cut in the access road was observed near the location entrance. The location has perimeter fencing. The entrance gate was down at the time of this inspection. The Surface Use Plan (Document #1999840) states that the fencing is to be removed per BLM instruction. Contact BLM staff regarding removal of fencing and final reclamation of access road, if applicable.</p> <p>No PA marker was observed.</p> <p>Storm water run on appears to be prevented by ditches and berms. A sediment trap in the southern corner of the location was observed during this inspection.</p>	hughesjo	05/12/2021
