General Comment:

COGCC Inspection Report Summary

On Monday 5/24/2021 at approximately 1100, I, Inspector Scott Ramsey, conducted a follow up inspection at TEP GGU 6-31, at Location # 334881 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat and Wildlife Management Area. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad, there is no evidence of a tracking pad at time of inspection.

C/A's from previous inspection document # 700702172 have NOT been completed. C/A Date remains the same (02/16/2021)

During this inspection the following compliance issues were observed:

1. Location and access still shows signs of lack of stabilization/compaction
2. Unmarked dead man

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
