**Subject:** State Reportable Release 24 Hour Notification - Moser 41-28

Good Afternoon,

We had a state reportable release due to the volume of historically impacted soil removed from the location referenced below. The impacted soil was discovered during plug and abandonment activities at the wellhead and associated flowline. Excavation activities are currently on-going. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner notification in process

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Well/ Facility Name: Moser 41-28
- Location: 3N 65W Sec 28 NENE
- Latitude/Longitude: 40.200800, -104.662970
- Well ID: 05-123-10398

Thank you,

***Joseph Riemer***
