Attn: Mr. Thomas Colson, Director Pet. Eng.

Dear Mr. Colson:

I want to thank you for the batch of Form 4's you recently sent covering part of the 12N-100W area.

I have been working on a special project here at the Commission for the last year, putting into the computer all the wells in Colorado. Currently we are concentrating on all wells that are not plugged and abandoned.

Recently I came to the 12N-100W area. Due to the age of the Hiawatha Fields, many well files are missing or incomplete.

The Form 4's you sent on the following wells confirmed their existence and we would appreciate copies of any other forms you may have on them.

G. Kuykendall	#3	NW SE	22-12N-100W
F. Wilson	#4	NE NW	23-12N-100W
F. Wilson	#5	SW NE	23-12N-100W
F. Wilson	#7	SW NW	23-12N-100W
F. Wilson	#11	SE NE	23-12N-100W
F. Wilson	#14	SW NE	23-12n-100W
F. Wilson	#15	SE NE	23-12N-100W

There are six other wells that we need to confirm the existence of, they are:

F. Wilson A Unit	#1	Lot 1	14-12N-100W
F. Wilson	#6	SW	14-12N-100W
Wilson	#3	?	15-12N-100W
F. Wilson	#10	SE NW	23-12N-100W
F. Wilson	#12	SE NE	23-12N-100W
F. Wilson	#13	NW NE	23-12n-100W

The above six wells have no well files here, we need a Form 4 showing footages and current status for each, plus copies of any other forms you may have on them.

00231749

We have well files for the following two wells, but we need to confirm their locations and update their status. A Form 4 showing footages and current status would be helpful.

Whitford	#1	Lot 1 16-12N-100W
F.L. Wilson	#9	SE NE 22-12N-100W

All the wells listed in this letter with the exception of Whitford #1 and Wilson #9 are missing well files here at the Commission. I took their locations from the Operator-Lease Verification Report Mountain Fuel Supply returned to us in December 1984.

Again we thank you for the Form 4's you sent.

Sincerely,

Marcia Thoren
