Comment: **There are 2 pigpens with pipeline risers and shut off located at the well site. All equipment should have been removed within 3 months of abandonment. There is a degraded fence that remains around the location. There is a bare area 70'x70' that has no vegetation establishment. There is possible soil issues preventing vegetation establishment. The corrective action date is set for when final reclamation was required to be completed. Corrective action needs to be performed immediately to obtain compliance.**
