General Comment:

On 6/30/2021, Reclamation Specialist Trujillo conducted a final reclamation inspection at Chevron's Fee 71 location in Rio Blanco County, Colorado.

This inspection is a followup to #692401235 and #696201211 to document compliance with the following corrective action:
-Comply with 1004 Rules.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

Previous inspections observed equipment and debris remaining on the Location, and that the Location was not progressing towards revegetation standards. Inspections required Operator to comply with Rule 1004.a.

It was observed in this inspection that the Location remains predominantly bare soil; no documentation has been submitted showing additional work was performed; Reclamation Specialist was unable to observe evidence that additional, or adequate, reclamation activities were conducted on the Location and former access road in accordance with 1004 rules and corrective actions. In addition, noxious weed establishment (Halogeton) was observed along the access road and Location; weed management also required.

Corrective Action:

Original CA remains applicable: Comply with 1004.a; conduct additional reclamation activities to facilitate desirable vegetative establishment.

Comply with 1004.e; conduct weed management
