Summary

Trailer and equipment stored on the Location

Inspection Photos

Operator Name: SWN PRODUCTION COMPANY LLC #10396

Location ID: 438248

Photo 23: Photo taken from the west end of the of the white tank on the north end of the Location. Photo shows various wood debris and unused pipe equipment stored on the Location.

Inspection Photos

Operator Name: SWN PRODUCTION COMPANY LLC #10396

Location ID: 438248

Photo 24: Photo shows unused equipment stored on the northwest end of the Location.

Inspection Photos

Operator Name: SWN PRODUCTION COMPANY LLC #10396

Location ID: 438248

Photo 25: Photo taken from the northeast end of the tank battery, on the east end of the Location, facing south. Photo shows what appears to be a destroyed bird nest; various twigs/woody material, wildlife hair and sheep wool were observed amongst the debris (yellow arrow). Debris requires removal from secondary containment. Photo also shows an unused flame arrester stored within the secondary containment (red arrow) ; equipment requires removal.

Inspection Photos

Operator Name: SWN PRODUCTION COMPANY LLC #10396

Location ID: 438248

Photo 26: Photo shows a dead bird found amongst the debris observed in within the secondary containment. Bird appears to be a young crow.

Inspection Photos
Operator Name: SWN PRODUCTION COMPANY LLC #10396
Location ID: 438248

Photo 27: Photos show signage at wells and battery (including tanks) with incorrect Operator information; COGCC well file records show Operator as "SWN Production Company LLC #10396".

Inspection Photos
Operator Name: SWN PRODUCTION COMPANY LLC #10396
Location ID: 438248

Photo 28: Photo shows example of tanks observed on Location with insufficient/inadequate labeling. Photo also shows wildlife protection equipment to prevent wildlife access to secondary containment is missing or insufficient.
