General Comment:

On 7/14/2021 Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Jetta Operating Company Inc's Craig 1-7 location in Moffat County, Colorado.

This inspection is a followup to Nos. 692401623 and 692403503, and at the request of Reclamation Supervisor Arthur.

The following compliance issues were observed during this inspection:

1004.a: Final Reclamation

606.c: Undesirable Plant Species

Refer to the "Reclamation" and "Good Housekeeping" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules

COGCC Comments

Comment	User	Date
<p>Inspection #692401623 dated 11/8/2019 observed that final reclamation including, but not limited to, removal of debris/equipment, compaction alleviation/recontouring/revegetation of the Location and access road has not been completed. Inspection required Operator to comply with 1004 rules by 8/13/2019.</p> <p>Inspection #692403503 dated 6/9/2021 observed that debris/equipment has been removed.</p> <p>It was observed in this inspection that additional reclamation since the #692401623 inspection appears to have been performed on areas of the Location. Historic aerial imagery shows access road existed prior to the O&G Location and therefore not subject to reclamation requirements. Location is predominantly undesirable weedy plant species with little desirable plant germination observed.</p> <p>Corrective action from inspection #692401623 will remain applicable.</p>	trujilloam	07/19/2021
