Reclamation - Storm Water - Pit**Storm Water:**

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment
		Culverts	Fail			
		Gravel	Fail			

Comment: There are culverts along the main road in the canyon that need to be repaired and maintained. It appears maintenance was started but not completed. Additional BMP's are needed along the steep grade of the road side (photo 7). There is vehicle rutting occurring on the road ascending to the location. The road needs to be maintained to prevent erosion. Areas of erosion along the road must be repaired and properly stabilized. Previous corrective action has not been completed.

Corrective Action: **Install or repair required BMPs per Rule 1002.f.(2)C**

Date: 09/18/2020

Pits: ☐ NO SURFACE INDICATION OF PIT

COGCC Comments

Comment	User	Date
Change of Operator is listed as OGRIS OPERATING LLC.	CostaR	07/20/2021
Further stormwater erosion will occur with seasonal high intensity storm events if BMP's are not properly monitored and maintained. BMP's must be installed and maintained for all seasonal storm events to prevent erosion.	CostaR	07/20/2021
