Comment: There is an area to the east of the well location that was associated with the plugging disturbances that is not reflective of reference areas. Also, the well location access road and/or potential flowline removal area is not reflective of reference areas. Refer to the attached inspection photos.

Corrective Action:

Date **07/20/2021**

Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provide date and documentation of coordination with surface owner.

The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.
