Comment: The well location and well location access road meet final reclamation regulations and standards. Unable to find evidence of oil and gas activities and/or disturbances. Well location and access road are reflective of reference crop areas.

The associated offsite tank battery does not meet Rule 1004 and final reclamation has not been performed.

Corrective Action:	<p>Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provide date and documentation of coordination with surface owner.</p> <p>If this is a potential surface owner request to leave the tank battery, then Comply with Rules 502 and 510.</p> <p>The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.</p>	Date	07/28/2021
