General Comment:

On 8/13/2021, Reclamation Specialist Trujillo conducted an interim reclamation and stormwater at Laramie Energy's Piceance 29-07 location in Mesa County, Colorado.

The following compliance issues were observed during this inspection:
1003: Interim reclamation

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment

It was observed in this inspection that interim areas of the Location are not progressing towards COGCC 1003 Standards; interim areas predominantly bare soil, or dominated by cheatgrass; desirable vegetative germination and establishment is sparse and not uniform.

Corrective Action

Comply with COGCC 1003 rules; conduct additional revegetation activities on the interim areas of the Location. Comply with Rule 606 and monitor/manage location for weeds. Comply with 1002.f rules and implement control measures to stabilize the slopes and seeded soils. To allow for a fall seeding, a CA date of 11/15/2021 is being provided to complete reclamation work.
