<p>COGCC Inspection Report Summary On Wednesday 9/8/2021 at approximately 09:50 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the Noble Energy Ehrlich 23-14 location #328417 in Weld County, Colorado. While there, I observed that the plunger lubricator had developed a leak. During this inspection the following possible compliance issues were observed: Rule 608.e. with a corrective action date of 10/11/2021. A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of the inspection report.</p>	petersont	09/08/2021
