Comment:

A separator is not a "tank or container" per COGCC definitions in Section 100 where separators are specifically excluded from the definition of a tank. Therefore, the labeling requirements at Rule 605.h, "Tank and Container Labels", do not apply. Further, the glycol used in our separators is not a DOT-regulated hazardous material; therefore, Rule 605.h.(3) does not apply.

COGCC Decision: Approved pending re-inspection

Comply with rule 603.i.

Date: 10/01/2021
