Comment: The well pad does not comply with Rule 1004. Majority of well head disturbance pad shows stunted growth and is not reflective the reference areas. Site investigation into why the crops are stunted is required.

Corrective Action: _____ Date **08/25/2021**

Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production. Provide documentation within the FIR Resolution form of when the corrective action work will be completed and provided date and documentation of coordination with the surface owner.

The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.
