RE: Request for Consent to Plug Wells
Weld County, Colorado

Dear Mr Krager,

Summit Oil & Gas has been retained as Contract Operator by Crown Exploration and Morning Gun Exploration in order to drill and complete permitted oil wells from one or more pad locations which Morning Gun secured in the area. It is necessary and required by the Colorado Oil & Gas Conservation Commission (COGCC) to plug old, abandoned oil & gas wells within 1500 feet of the new well being drilled. There is one previously abandoned well which needs re-plugging, specifically the Frank W Turner #1 (API# 05-123-05419), located in the SWSE of Sec 1, T7N, R59W.

Summit respectfully requests your surface owner's consent to plug the Frank W. Turner #1. Please indicate your agreement and consent via signature below to Summit's operations using the enclosed envelope at your earliest convenience. Upon receipt of your executed consent, Summit will coordinate the timing and logistics of plugging with yourself and any tenants you may have.

Thank you for your immediate attention to this matter and should you have any questions, please do not hesitate to reach out to me.

Sincerely,

Ed Doka
(817) 223-7512

Surface Owner Consent:
James L. Krager
