480927	SPILL OR RELEASE	AC	10/14/2021		-	SPILL/RELEASE POINT	EI

**General Comment:**

On October 12, 2021, COGCC Environmental Staff (John Heil) conducted an environmental field inspection of TEP ROCKY MOUNTAIN LLC (TEP operator #96850) RIVER RANCH A PAD Location ID 336014 to examine Spill/Release ID 480927 that was reported by TEP on October 11, 2021.

**Environmental****Spills/Releases:**

Type of Spill: OTHER E&amp;P WASTE

Estimated Spill Volume: \_\_\_\_\_

Comment: See Spill/Release ID 480927 for more details. 10/12/2021 J.Heil conducted a visual inspection of the spill/release area, as well as the adjacent impacted "marshy area" (Form 19 Initial Doc #402840918). Paraffin was observe around the spill/release point and west, southwest and southeast of the spill/release point where the marshy area is located. The paraffin is a light green color and was present in various amounts and locations within the spill/release area and marshy area. A hydrocarbon sheen was observed on the surface water within the marshy area and a strong detectable hydrocarbon odor was present at time of inspection. See attached Photo Log and Aerial Image for details.

Corrective Action: Operator shall comply with Rule 912.b.(4) and submit a Form 19 – Supplemental not more than 10 days after the Spill or Release is discovered that includes a topographic map showing the governmental section and location of the Spill or Release, or an aerial photograph showing the location of the specific Spill or Release site, all pertinent information about the Spill or Release known to the Operator that has not been reported previously, including photo documentation showing the source of the Spill or Release, the impacted area, and initial cleanup activity; and information relating to the initial mitigation, site investigation, and Remediation measures conducted by the Operator. Operator shall implement removal of free product and remediate soils and groundwater to Table 915-1 Protection of Groundwater Soil Screening Level Concentrations concentration levels.
