334270	LOCATION	CL			-	J25W Water Storage Pit 1	RI

General Comment:

On 10/13/2021, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Caerus Piceance's J25W Water Storage Pit 1 location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:
1004.a: Final Reclamation

It was observed in this inspection that final reclamation is in process. A pipeline was observed cut and left on the east end of the Location.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

Comment:

Records show well PA 5/2019; Overall reclamation status of the Location is "in process". There are areas on the North and southern ends of the Location where vegetation is predominantly undesirable weedy plant species, though desirable plant germination is evident beneath the weeds; additional time may be required for desirable plants to out-compete weeds, however, weed management strategies should be implemented if it is determined weeds are hindering reclamation.

A pipeline was observed on the east end of the Location cut/exposed and left at the surface; records and historic aerial imagery shows pipeline associated with O&G Location.

Corrective Action: **Comply with 1004 rules; Remove remaining surface equipment/pipeline.**

Date **11/30/2021**

Overall Final Reclamation **Fail** Well Release on Active Location Multi-Well Location
