Mr. Taylor Rowley  
Senior Environmental Representative  
Kerr-McGee Oil & Gas Onshore LP  
501 N Division Blvd  
Platteville, Colorado 80651

**Subject: Form 4 Sundry Notice – Final Reclamation  
Kerr-McGee Oil & Gas Onshore LP (Operator: 47120)  
RIVERBEND 27-14, Location ID: 424609  
NWNW S13-T1N-R67W  
Weld County, Colorado**

Dear Mr. Rowley:

WSP USA (WSP) was contracted by Kerr McGee Oil & Gas Onshore LP (Kerr-McGee) to complete final reclamation inspections at plugged and abandoned (P&A) well sites located in Weld County, Colorado. The reclamation inspections were conducted in accordance with Colorado Oil and Gas Conservation Commission (COGCC) Rule 1004.

The former RIVERBEND 27-14 well (API: 05-123-34110) was P&A'd on February 1, 2012 as identified in the Form 6, Document Number 400241825. On October 11, 2021 WSP conducted a final reclamation inspection for the RIVERBEND 27-14 well pad and has determined that the site is in compliance with final reclamation requirements per COGCC Rule 1004. The former RIVERBEND 27-14 well is located on an active pad (Location ID: 424609) and the associated active tank battery is located 0.04 miles northwest of the active well pad. The former RIVERBEND 27-14 well pad remains in use servicing Kerr-McGee producing wells: API: 05-123-34112; API: 05-123-34114; API: 05-123-34115; API: 05-123-34116; API: 05-123-34117; API: 05-123-34932; API: 05-123-34102; API: 05-123-34103; API: 05-123-34104; API: 05-123-34106; API: 05-123-34107; API: 05-123-34108; API: 05-123-34109; and API: 05-123-34111. All disturbed areas have been compacted and stabilized with road base to minimize erosion. WSP personnel located the P&A wellhead location using a handheld Trimble (R1) Global Positioning System (GPS) unit and latitude and longitude coordinates obtained from the COGCC online database. A general site location map is included as Figure 1; and the Site Map displaying the location of the reclaimed site on aerial imagery is included as Figure 2. Photographs of the P&A location were taken facing each cardinal direction from the P&A wellhead location. The photographic log is included as Attachment 1.

Based on the successful reclamation of the RIVERBEND 27-14 site, a Form 4 Sundry Notice requesting final reclamation status has been prepared for the submittal to the COGCC. This letter will be included as an attachment to the electronic Form 4 submittal.

If you have any questions or need additional information, please do not hesitate to contact us.

Kind regards,

Tanna Lyon,  
Lead Consultant, Environmental Scientist
