Photo 1: Photos taken from the outlet on the west end of the Location. Previous inspection observed that stormwater runoff from the Location was resulting in degradation to the outlet control measures as well as sediment transport and deposition; outlet control not constructed or maintained per good engineering practices. Inspection required Operator to comply with Rule 1002.f. Photo shows outlet control remains improperly constructed or maintained; stormwater runoff has resulted in degradation to both the BMP and offsite areas west of the Location.
