## DAILY WORK RECORD

drove to location, warmed up equip. Held daily safety meeting. Checked pressures and opened up well. Put pump back together and hooked up lines. Started tripping in and hit bridge around 800 ft. R.D. hero and kelly to circulate for 10 min. Continued tripping in after that to 2000ft. Stopped again to circulate. Finished tripping in remaining stands. 128 joints in the hole before starting to pick up pipe off float. Picked up 6 jnt circulated and tallied next row. Continued picking up 10 jnts and circulating for 15-20 min. Continued this process till jnt 154. decision was made to circulate 45 min. Continued picking up 10 and circulating. At jnt 174 noticed fluid surging. Rolled hole for an hour to clean up and get better circulation. Picked up another 11 joints. And circulated. On joint 186 stacked out. L.D. down joint and rigged up hero, chixen, and Kelly hose. Circulated joint down. Worked tubing to ensure its free. Circulated for 45 min. Tripped out 86 stands. Blew out lines, broke pump down. Shut well in returned to yard.

## DAILY WORK RECORD

drove to location, warmed up equip. Held daily safety meeting. Checked pressures and opened up well. Put pump back together and hooked up lines. Started tripping in ran into a bridge at 850 ft. Circulated. Continued tripping in hole till 3000ft. Stopped to circulate again. Got to around 4500 ft and stacked out. Rigged up kelly hose setup and washed in a jnt. Tried tripping in again. Got one stand in and started to stack again. Broke stand and layed down one joint. Rolled hole. Picked single back up and couldn't make it down. R.U. Power swivel and swiveled in two joints. Circulated and checked returns. Picked up one more joint and had to drill down. Kept getting in a bind while swiveling. Continued trying to get joint down. Decision was made to pull one joint up and circulate. Loaded bent joints on gooseneck trailer along with casing. circulated till 3:15. L.D. one joint and racked back swivel. Tripped out 88 stands to derrick. Broke down pump, blew out lines. Picked up location and returned to yard.
