<p><b>COGCC Inspection Report Summary</b>                      On Wednesday 12/29/2021 at approximately 13:30 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the Great Western Oil and Gas Stroh 12-22 location #310848 in Weld County, Colorado.                      While there, I observed the master valve leaking. During this inspection the following possible compliance issues were observed: Rule 608.e. with a corrective action date of 1/31/2022.                      A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of the inspection report.</p>	petersont	12/29/2021
