Paragraph 319, of the Rules and Regulation and Rules of Practice and Procedure, Oil and Gas Conservation Commission of the State of Colorado, states in part: "Hereafter, similar multiple zone completions may be approved by the Director upon request there-fore. Such request shall also be accompanied by an affidavit showing that notice of intention to file such request has been given to the producers of all tracts located within a radius of one-half ( $\frac{1}{2}$ ) mile of the well in which the multiple zone completion is to be attempted."

We are attaching the required affidavit from offset operators. Should a hearing be required for this application, please advise us accordingly in order that we may make the proper preparations.

If approval can be granted by the Director, please consider our application.

Sincerely,

SKELLY OIL COMPANY
