Re: Approval to dispose of produc-  
tion water into the "D"  
Sandstone formation underlying  
the Sleeper Field, Weld County,  
Colorado

Dear Mr. Smith:

Petroleum, Inc. respectfully requests your administrative approval for the underground disposal of production water in the above referenced field. Attached are the following two applications required by the State of Colorado to complete the procedure necessary to gain your approval:

- 1.) an application for aquifer exemption
- 2.) an application for authorization for the underground disposal of water into the "D" Sandstone formation

As I understand the process, these two applications should meet all requirements for your approval. In the event supplemental information is required, please contact me at the above telephone number.

Very truly yours,

Thomas G. Smith  
Staff Production Engineer

TGS/jlb
