Nature of complaint: noise

Field Inspector Actions:

On 01/24/22 I, Brittani Santistevan, area field inspector was assigned a complaint received by COGCC staff in reference to (noise, lighting, odor). The complainant's (Cindy Roper and Sharienne Daily from Windsor, CO) stated the issues were occurring outside the complainants home.

On 01/24/22, my supervisor, Adam Kraich, attempted to make contact with complainant who indicated that on 01/24/22, they were experiencing excessive noise.

I performed a complete site inspection of the oil and gas location and associated wells in area. At time of inspection I did not observe any unusual noise in or around location. I performed a 24-hour sound study. Study appears to be out of compliance of the COGCC rule 423.(1).A  
Sound data will be attached to complaint inspection document.

Weather conditions: snow fall

All information reviewed and site inspection information were submitted to the complaint specialist for further review.

Corrective Action: **Comply with Rule 802. Identify and install control measures.**
