Attention: Miss Hogsit

Dear Mr. Zorichak:

In your letter of March 19, 1952, you authorized transfer of Hartford Accident & Indemnity Company Bond #2539299 from the Dimery #1 well to the A. H. Gorgart #1 well in SW/4 27 - 6N - 57W, Morgan County, Colorado.

On April 22, 1952, this well was plugged and abandoned. We will appreciate it if you will authorize the Hartford Accident & Indemnity Company to cancel the bond.

Our bonding company, Hartford Accident & Indemnity Company, has informed us that we are carrying Bond #2539459 which you have filed under #4205 Book 17.

Since we are not currently operating any wells in Colorado, any information you might be able to give us leading to the release of this bond would be appreciated.

Yours very truly,

GEORGE & WRATHER OIL COMPANY
