(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

18. Date of work August 5th, 1985 * Must be accompanied by a cement verification report.

Well was spudded on August 2nd, 1985. After setting surface casing, well was drilled to a total depth of 5300' and electric logs run. Since there were no significant shows of oil or gas, well was plugged and abandoned as follows:

- 20 sack cement plug from 200' to 240'
- 10 sack cement plug from surface to 30 feet.

Hole was filled with heavy mud as requested by Commission Representative, Frank Piro on August 5th, 1985.
