H. R. Qualles & Associates  
P.O. Box 113  
Kimball, Nebraska 69145

Attention: Mr. John Abramson

Gentlemen:

On August 31, 1964, we received from you a photostatic copy of a letter from Kansas-Nebraska Natural Gas Co. addressed to you and concerning Form 10's (Certificate of Clearance) on your wells in the Mount Hope North Field, Logan County, Colorado.

In your cover letter you stated that you did not have any Form 10's, and asked us to send some forms to you. We mailed these forms out that day, but still have not received this authorization for the purchase of gas from your #1-A and #2-A Kirk wells, and your #1 Kirk-Lynch well. We feel that a month's time is sufficient for the submitting of these reports. If they are not received promptly, we shall have to contact Kansas-Nebraska concerning suspension of gas purchases from these wells.

We urge your immediate cooperation.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

H. H. Morrell, Associate Petroleum Engineer
