Re: W. E. Whittier Lease
Section 26-9N-53W
Logan County, Colorado

Gentlemen:

TransOcean Oil, Inc., has an interest in a lease in Section 26-9N-53W, Logan County, Colorado. Will you please advise us if there is production from any Whittier "C" wells in the NW/4, Section 25-9N-53W, or in the NE/4 Sec. 26-9N-53W, Logan Co., Colorado?

We also need to know if the Skaer-Carey No. 1 well, in the NE/4 SW/4 NW/4 Section 26-9N-53W is still a producing gas well, or if it has been reclassified as an oil well. If it has been reclassified as an oil well, we need to know the date of the reclassification, or if no longer producing, the date it was plugged and abandoned.

We would be most grateful for an early reply and thank you for your cooperation.

Yours very truly,

TRANSOCEAN OIL, INC.

M. M. Kocher
