RE: Log Run #1
PEOC-NVG 32-26
SWNE Sec. 26, T6N, R86W
Routt County, Colorado

Dear Mr. Edwards:

Enclosed is a copy of the Dual Induction-SFL log for the first logging run for the captioned well. This is the only log for Run #1 that we have in our files. I am attempting to obtain the FDC log for Run #1 from Schlumberger and have asked them to forward a copy of it to you if they still have it available (copy of letter attached).

rcvd 3/8/93

Please advise the undersigned if you need something additional in regard.

Sincerely,

William C. Heisner, Jr.

RE: Run #1 Well Log **SOLE** **AND** **CONS. COMM.**
PEOC-NVG 32-26
SWNE Sec. 26, T6N-R86W
Routt County, Colorado

Dear Mr. Gebhart:

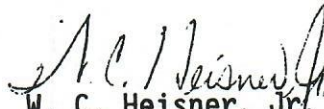

The Colorado Oil & Gas Conservation Commission has advised us that they never received well logs for the first well log run in the captioned well. This run occurred on July 30, 1992. A check of our files turned up only a copy of the DIL-SFL for this run. The log header indicates that an FDC log was also run on this date (copy of header attached). If you have this log available, please send a copy of it to me at the letterhead address and a second copy to the Colorado Oil & Gas Conservation Commission, attention Dave Edwards, at:

1580 Logan Street
Suite 380
Denver, CO 80203

If this log is not available, please advise me so that I can advise the Colorado Oil & Gas Conservation Commission of same.

Sincerely,

PACIFIC ENTERPRISES OIL COMPANY (USA)
