Financial Assurance	Both Operators have resolved all issues. Form 9 Approved.	02/16/2022
Financial Assurance	<p>The following comments to both operators were revised to following:</p> <p>Problem 1: Numerous facilities are listed with API numbers that are not assigned to those specific facilities in our database. Solution 1: Only the Wells should be listed with API County Codes and API Sequence numbers. Please remove these numbers from all other facility types.</p> <p>Problem 2: There are two closed pits on the list and since they are closed, do not need to be transferred. Solution 2: Please remove the two closed pits from the list transferred items: •Facility ID # 269597 •Facility ID # 272878</p> <p>Problem 3: Off Location Flowline Facility ID #481023 requested for transfer is located in Washington County, is not operated by Merrion, and is not associated with any of the other facilities proposed for transfer. Solution 3: Remove Facility 481023 from the list of transferred items. You may have meant Facility ID 480124. If this is the case, please add this facility to the list.</p> <p>Problem 4: If indeed the correct Flowline to transfer is 480124, then the associated location 480122 is not accounted for and it must be. Solution 4a: If the location 480122 was transferred along with the flowline, then it needs to be added to the Wells and Facility Transferred list. Solution 4b: If location 480122 was not transferred, then a List of Wells and Facilities – Not Transferred needs to be created by adding the location to that list. In addition, a Seller Retains Responsibility Attestation needs to be completed for that location. The guidance for the attestation is on page 5 of the attached Attestation Guidance.</p>	02/11/2022
