Please provide as much detail as possible. It is important to narrow down the issue(s).

Continued vibrations and explosions from the well site. Today 2/18 at 636 am there was a vibration that once again rattled all the pictures in my house. (This also occurred 2/8 736 am, 2/9 741 am) Spouse was in the garage. Reported that the garage floor shook so bad he thought we were having an earthquake. Neighbors were texting me asking if I could feel that. Multiple booms of significant noise continue. Also in the last 1-2 months the slab in our unfinished basement has moved approximately 1/3 inch. Caulk is cracking on stair trim at the top of the basement stairs.
