**General Comment:**

On 2/18/2022 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove and properly dispose of/store (outside of the project area), unused materials and debris by 3/30/2022.

See below, and attached photos for additional detail.

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment: Stormwater and erosion controls were assessed during this inspection and active erosion was not observed; although location is largely snow covered at this time. Controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Stormwater erosion and BMPs should be assessed during snow melt and precipitation events.
