Financial Assurance	Both operators have resolved all issues. Form 9 approved.	03/11/2022
Financial Assurance	<p>Problem 1: There are 30 Related Facilities that need to be accounted for.  Solution 1: If the Related Facilities are included in the transfer, then they need to be added to the Wells and Facilities Transferred List. If they are to be retained by the seller, then the facilities need to be referenced on a Related Wells and Facilities – Not Transferred List. I have attached the wells and facilities for your review. There are two highlighted rows. One is for a spill/release that has been closed. It can be removed from the list. The other spill/release is included on the Incidents Transferred List. It can also be removed from this list. I am happy to upload a revised Wells and Facilities Transferred list if applicable.</p> <p>Problem 2: The Seller Retains Responsibility Attestation indicates that there is an attached list with the Attestation. No list was provided with the Attestation.  Solution 2: Please revise the Attestation to include the list of incidents. If the Seller is to retain the Related Facilities referenced in Problem 1, please revise the Attestation to include that verbiage and a list of Related Facilities Not Transferred. The revised Attestation can be emailed to me as well as the Related Wells and Facilities List Not Transferred, if applicable and I will upload it(them) to the form.</p>	03/11/2022

FORD OLSON UNIT 1 #

Solution 1.1: I can return the subsequent to draft and you can upload a new list.

Solution 1.2: You can submit a revised list of Wells and Facilities Transferred list and I will upload it for you.

Problem 2: Thank you for your email dated January 10th with your research explaining that all but 2 Unresolved Field Inspections with Corrective Actions have been resolved. If the parties perform the research and determine that all corrective actions for a particular FIR have been resolved, that FIR does not need to be listed on the Form 9 but will be subject to Rule 218.d(1)D.iii.

There is one additional Unresolved Field Inspection with Corrective Action and an Unresolved Spill They are as follows:

Document #693904045 Facility ID 306801 Incident Date 12/22/2021

Document #401422732 Facility ID 452581 Incident Date 10/06/2017

Solution 2.1: If the compliance responsibility for such an FIR and/or Unresolved Spill transfers to the buyer include that FIR and/or Unresolved Spill on a Related Incidents Transferred list.

Solution 2.2: If the compliance responsibility for such an FIR and/or Unresolved Spill is retained by the seller then include that FIR and/or Unresolved Spill on a Related Incidents Not Transferred list and update the current Seller Retains Responsibility Attestation in accordance with page 5 of the Attestation Guidance document. Please make sure you reference the Subsequent document number.

Problem 3: The Related Incidents Not Transferred list is incomplete.

Solution 3: Complete columns G and H for all incidents to be retained by the Seller. I can return the document to draft or you can email me the correction and I will upload the document. Also please revise to include any applicable incidents from Problem 2.

Problem 4: The Buyer Notified Local Gov't Attestation is inadequate and needs revision.

Solution 4: As explained in the Attestation Guidance document, this attestation only needs to state the you have notified the appropriate Local Government Designee (include their name and county) that the notification includes a list of all transferred items within their jurisdiction and includes the printed name, signature and title of the representative for the Buying Operator. We do not need an actual copy of what you sent to the LGD. You only have to attest to do it. I have attached the Attestation Guidance for your reference.
