Jeff,

Thank you for providing me with the Assignment and Bill of Sale from DJ Homestead and Petro Operating. I am sure you and your colleagues have read and reviewed the SUA , Stipulations and all Confidential Settlement Agreements made with DJ Homestead in Reference to Weld County District Court Case 2019CV31078. and as Assignee of the Bill of Sale Recorded 4806906 03/02/2022 accepts all terms of such, for my personal guidance.

Please provide me with who the surveyor will be and dates requested for access.

Kindest Regards

Vince Gerkin

**Subject:** Gerkin-Arnold #1 Survey Access

Hello Vince,

Verdad is beginning the planning phase of the reentry and P&A of the Arnold #1 well. As part of this process, Verdad is required to apply for a permit to complete the reentry to the COGCC. In doing so, it is required of us to submit photos of the location of the well with a North, South, East and West view at the wellhead site. In order to accomplish this we will be required to have a surveyor walk to the surface location of the well and take these photos to submit with the permit. Once the permit is received we will begin scheduling operations for the well and I will get you all of the proper notice as required by the settlement. I have attached a copy of the Assignment from DJH/PO to Verdad For your records. Please let me know a date and time that we can get our surveyor on site.

Thanks,

**Jeff Berghorn**
