Comment

Interim Reclamation has not been performed per the Rules. All unused areas of the location need to be reclaimed and segregated topsoil must be replaced back to original positions. Soils need to be decompacted by cross ripping to a min depth of 18 inches and stabilized. The drilling pit was backfilled. There are undesirable weeds established throughout the location and there are signs of wind erosion. Previous corrective action was not completed. Corrective action needs to be completed immediately to obtain compliance.

Corrective Action Comply with the 1003 interim reclamation rules.

Date 05/17/2021
