Jeff,  
We would like to secure access to re-enter and re-plug the Berglund #1 (05-123-05079), located at NWNW Section 19 2N63W, 40.129279°N, -104.487930°E.

The well is classified as DA (Dry-Abandoned) and was last entered in 1967.

The landowner is listed as Monte Peak Minerals per the Weld County Property Portal.

Can you please assist/advise?

Thanks,  
**Brian Stanley**
