General Comment:

On 4/21/2022 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Control weeds by 6/1/2022. Continued monitoring, management, and treatment are needed until infestation is not longer present.

See below, and attached photos for additional detail.

Comment:		Stormwater and erosion controls were assessed during this inspection and active erosion was not observed. These controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Continue monitoring and managing stormwater and erosion controls to ensure compliance with stormwater regulations.				
Corrective Action:		Date: _____				
Pits: <input checked="" type="checkbox"/> NO SURFACE INDICATION OF PIT
